Jaycees To Boost Ritchie For State Vice-President

"Ike Ritchie, president of the Hazard Junior Chamber of Commerce for the past year, will be the local club's nominee for State Vice-President at the annual Jaycee Convention this weekend in Cincinnati.

Local Jaycees will accompany Ritchie to the convention. A coal operator, Ritchie's term as president of the local chapter this past year has seen the club enjoy tremendous growth.

From a membership of 32 when he took office, the club has grown to 58. Also inaugurated for the first time here was the Jaycees Follies, featuring a ballet act by local Jaycees. The act, so successful during the Follies, has been scheduled for the Mt. Laurel Festival at Pineville this spring.

Prior to serving as president, Ritchie was a Vice-President, board member and on several committees of the local Jaycee club.

He is a member of the Veterans of Foreign Wars, the Ken-

tucky River Development Association, the Perry County Development Association, the Buckhorn Watershed Association, Masonic Lodge and the Shrine Club.

He has also been active in Red Cross, March of Dimes, Heart Fund and other financial drives in Hazard and Perry County.

In addition to the Jaycee Follies, Ritchie guided the club in its annual Christmas Party for Underprivileged Children, the Voice of Democracy Essay Contest, Teen-Age Rodeo, the 4th Annual Jaycee Homecoming and "Bosses' Night."

Club members also fielded their first city league basketball team, were active in the "Get-Out-The-Vote" drive here, and the "Religion in American Life" program.

H is married to the former Miss Irene Calvert, of Hazard. The family, including three children, Linda Renee, 8, M. W. III, 2, and Scott, 8 months, are members of the First Baptist Church.

Traveling Teacher At M.C. Napier

Mr. Donald Mayes, "traveling science teacher" from Oak Ridge, Tennessee, will present special lecture-demonstrations on a variety of topics to M. C. Napier High School students during a one week visit to the school April 21-25.

Mr. Mayes is one of ten science teachers who are touring more than 300 high schools throughout the country during the 1957-58 academic year.

Mr. Mayes' mission is to stimulate student interest in science and scientific careers. The "traveling teacher" will be available for discussion and consultation with the science staff and other faculty members as a means of exchanging ideas and experiences. He will bring with him a station wagon full of demonstration equipment, much of which he and his fellow traveling teachers built themselves this summer in Oak Ridge from simple, inexpensive components.

Designed to present scientific principles in a graphic, meaningful manner, the homemade apparatus can be easily and inexpensively duplicated by students and teachers.

The Traveling Science Demonstration Lecture Program, now in its second year, is sponsored by the National Science Foundation and the Atomic Energy Commission, and is administered by the Oak Ridge Institute of Nuclear Studies. Last year, seven traveling teachers visited more than 200 high schools in 48 states and the District of Columbia. The program was expanded this year to reach even more schools.

Special station wagons are provided by the teachers by the Ford Motor Company; the Gulf Oil Company is furnishing gas and oil; and the Bell Telephone System has provided each teacher with the newly developed solar battery.

Bar Association Holds Meeting

The Perry County Bar Association held its monthly meeting in the dining room of the Begley Drug, on Monday evening, April 14.

Bruce Stephens, the speaker of the evening, gave a talk on "Ethical Practices," and stressed the importance of the good standing of attorneys in the community.

T. E. Moore, the senior member of the Bar gave an interesting talk regarding the amount of fees which should be charged by lawyers.

Members present were Judge J. A. Smith, Hon. T. E. Moore, Barney W. Baker, Guilford Boleyn, Elbert Strong, Grover C. Wilson, Calvin Manis, Carl Morgan, C. A. Noble Jr., Alva Hollan, Bruce Stephens and Don A. Ward.

Floyd Smith, 56, Dies At Home

The funeral for Floyd Smith, 56, will be held at his home at Gays Creek, Wednesday, at 1 p.m. Burial will be in the West Cemetery, Gays Creek.

Mr. Smith died at his home of a heart attack, Sunday.

He is survived by his wife, Mrs. Mary Jane Smith, Gays Creek.

U.S. Approves 80 Housing Units

Eighty units of public housing have been "tentatively allocated" for Hazard, Senators John Sherman Cooper and Thurston Morton and Congressman Carl Perkins announced Friday in telegrams to the Hazard Herald.

The three men noted that "early authorization" for a preliminary planning loan is expected for the city. The loan will come from the Public Housing Administration.

The 80 units, low-rent public housing for low-income families and indigents, were requested by the city following a preliminary survey of Hazard's housing situation, made here in February. Gene Parker, chairman, City Housing Commission, announced today.

Parker estimated that the Federal loan will amount to approximately \$16,000. It will be spent, he continued, to determine the cities' "actual public housing requirements," and for the "housing designs" for the homes.

Parker pointed out that the detailed survey of the city will probably be undertaken in cooperation with the U.S. Department of Census.

"This survey," he continued, "will determine how many public units we need here." A previous estimate by the city noted that possibly as high as 400 units are needed.

Because of the terrain, the housing here will not likely be located in one large subdivision. Instead, a P.H.A. official said recently, the homes will be "spotted" throughout the community on available sites.

There is also the possibility that existing slum areas will be wiped out to make way for the new units.

E.S.T. Wins Herald Poll

If a newspaper poll conducted by the Hazard Herald on the controversial time question can be taken as a reliable sampling of Perry County opinion, then this county is almost 2-1 in favor of Eastern Standard Time.

The poll, run in the Herald for the past two weeks, closed this morning with 136 persons favoring fast time and 73 preferring slow, or Central Standard Time.

County Goes Fast
Even county residents show a slight preference for Eastern Standard Time. Persons living in the county and outside the city limits of Hazard gave E.S.T. 54 votes to 40 for C.S.T.

City voters were unquestionably for the extra hour of daylight at the end of the regular day. Here in Hazard, 82 persons went on record for E.S.T. while 33 selected slow time.

Six persons wrote in the margin that they were, to quote one, "for one time—all the time."

This voter added that he hoped the city wouldn't get on fast time this year, and leave the county on slow time, as happened last year.

Last summer, the city went on Daylight Savings Time while the County remained on Central Standard Time. The last session of the legislature outlawed "Daylight Savings Time" in Kentucky, providing as the penalty

the withholding of State aid to cities and counties who make use of daylight time.

The law is being contested in Kentucky courts by several groups throughout the State.

Another voter in the Herald poll selected slow time, noting that fast time works a handicap on local business and encourages "mail-order" business for the large retail chain stores.

Several other persons in favor of slow time cited "sleep" as their main reason for maintaining the status quo.

Ballots are available to the public should they desire to see them.

Combs Hearing Set

Frankfort, April 18 — Janie Combs, Hazard, has been notified by The Department of Motor Transportation to appear at the offices here, Monday, May 12 at 9:30 o'clock CST for hearing on her application to buy taxi certificate No. 206.

Commissioner C. M. Blackburn said the permit is now owned and operated by Harrison Caudill of Hazard.

Anyone desiring to protest the sale, Blackburn said, may do so by sending duplicate complaints to DMT office and mailing a copy to the applicant not later than 10 days before hearing date.

Elected President

Sister Mary Gabriel, O.S.B., administrator of the Mt. Mary Hospital, was elected president of the Kentucky Conference of Catholic Hospitals, at a meeting held last week in Cincinnati.

Can, Bottle Thrown At Home In City

A beer can and a bottle of beer were thrown at the home of Gene Parker, Hazard banker, Saturday night on Baker Hill, Police Chief Bob Heath reported today.

Heath said the beer can crashed through a window in the Parker home. The bottle crashed against an exterior brick wall.

Times' Running Out

Time is running out for persons who have not yet paid their county taxes.

County Sheriff Paul Amis said today his office will shortly start pulling in cars to settle tax debts. Amis said the cars can be sold at public auction if property owners do not pay their taxes.

Man Arrested For Hubcap Theft

A Wabeco man was arrested at midnight Saturday, and charged with the theft of hub caps, County Sheriff Paul Amis announced today.

Arrested was Paul Bowling. He was caught by Deputy Sheriffs Paul Fugate and Yancy Amis.

Sheriff Amis said the two deputies sighted Bowling as he was carrying 8 hubcaps in the vicinity of Davidson Motor Co., North Main. Sheriff Amis said the two deputies, acting on previous reports, had been waiting for Bowling.

Bowling fled when trapped by the deputies, but was caught moments later when he tried to "bulldoze" his way over Deputy Sheriff Amis.

'Jake' Fitzpatrick C. D. Director, Dies of Attack

The funeral for Joseph Jesse "Jake" Fitzpatrick, 53, was held at the Hazard Presbyterian Church, Sunday, with the Revs. William Brown and Ernest Stricklin officiating. Burial was in the Englewood Cemetery.

A native of Perry County and prominent local Democrat, Fitzpatrick died at Clay City of a heart attack enroute to Frankfort.

Fitzpatrick was Director of Civil Defense for Perry County and had recently inaugurated here a program of stockpiling disaster equipment throughout the county.

He was assistant to County Judge J. H. Banks during his term of office, 1953-57, and served as county judge pro tem in Banks' absence from office.

Fitzpatrick had been active in Democrat politics since his youth and had worked in various capacities about the county courthouse.

Besides his wife, Mrs. Florence Fitzpatrick, he is survived by a son, Len Fitzpatrick, Hazard; a sister, Mrs. Peggy Corbett, Hazard; and four brothers, John Fitzpatrick, Portland, Ore., Jim Fitzpatrick, London, Ben Fitzpatrick, Hazard, and Jake Fitzpatrick Jr., Michigan.

Engle Funeral Home conducted the services.

Two Win Prizes At Nurse Meet

A dinner meeting of the District 12 Kentucky Society of Registered Nurses was held at the V. F. W. Clubhouse last week.

Guest speaker were Dr. Helen Frazier, Director of Maternal and Child Welfare, Public Health Department, and Mr. Finley Borton, chairman, Kentucky Heart Association.

Door prizes were won by Mary J. Carney, Lebanon, a coffee maker, and Eileen Minton, Frontier Nursing Service, jewelry.

Merchants, Herald Plan Home Improvement Contest

An appealing contest for homeowners—with the catchy title, "How's Your Home?"—highlights 1958 activity of the home improvements and modernization industry banded together for the first time by the Home Improvement Council.

The contest, which has cash prizes totaling \$125,000, helps the homeowners family compile valuable information about its home while competing for a total of \$125,000 in cash prizes. The top prize is \$25,000, second prize is \$10,000, third is \$3,000, and there are 1,000 other prizes adding up to \$87,000.

Designed to stimulate participation by every member of the family, the complete contest guide and entry form makes a game out of what would normally seem an overwhelming chore: Careful examination of

every room in a house, its exterior and the grounds around it.

A detailed checklist in the contest guide can be kept by the homeowner as a help in organizing his own home modernization program after he has entered the contest. The entry form itself consists of this state and modernization—and the fact that it is possible to make dramatic changes in an older home.

The complete contest guide and entry form can be obtained from any local member of the Council—among them building materials dealers, contractors of many types, bankers and other lenders, utilities and other firms in, or allied with, the home improvement business.

In many cases, local newspapers are presenting their readers with complete contest information and the entry form.

required to buy anything or do anything other than complete the checklist and entry form.

The main purpose of the Home Improvement Council, is to act as the homeowner as a help in organizing his own home modernization program after he has entered the contest. The entry form itself consists of this state and modernization—and the fact that it is possible to make dramatic changes in an older home.

Industry spokesmen explain that homeowners will be able to complete such a statement much more thoughtfully and effectively after they have made a thorough analysis of their homes in completing the home improvement checklist.

Deadline for entries in the contest is June 30, 1958. Only one entry will be accepted from each home. Entrants are not

Man Killed In Accident

A Dunraven man was killed instantly, Saturday night, when the car he was a passenger in, plunged over a hill on Ky. 23 at Gays Creek.

Four others were injured, one seriously.

Killed was Cecil Campbell, a curve, going over the hill for 47. In serious condition at the Hazard Miner's Memorial Hospital with a broken back and broken neck is Jack Whitt, 56, Dunraven, driver of the car.

Treated for minor injuries at the H.M.M.H. were McClellan Whitt, 17, son of the driver, and Warren Hamblin, 15, and his father, Green Hamblin, 50, both of Krypton.

State Policeman Lonnie Leach, investigating officer, said the accident happened as the five were returning to Chavies from a Future Farmers of America banquet at Buckhorn High School.

The accident occurred 4.4 miles west of Chavies at approximately 8:30 p.m. Leach said the car came down a steep hill and failed to make

Enter this national "How's Your Home?" contest! Have fun and prove to yourself and your family you have the makings of a better home right where you live. Each week for the next six weeks we will publish one section of the "How's Your Home?" contest. Clip out each section and with your family check each item. Save each section. After section six (6) has been completed, mail it to Home Improvement Council, P. O. Box 810, Chicago 77, Illinois. To be eligible for the BIG money prizes listed above!

You'll see, as each new section of the contest is published, how we have divided your home into its four principal areas: LIVING . . . WORKING . . . SLEEPING . . . OUTDOOR.

Watch for the appearance of section 1 next week so you can start competing for the big cash prizes in this \$125,000 "How's Your Home?" contest.

GENERAL questions (section 5) will apply to the whole home. We've listed many possible home improvements under each area. Perhaps not everything that you might be dreaming of, but this list will help you organize your home improvement program and make your family put on their "planning caps." Most important, as you complete each section of the "How's Your Home?" contest, you will be developing the information that may win BIG prize money.

For the most satisfying results, don't play the contest sitting around a table. Walk around your home with the contest blank in hand and inspect each area. Follow contest directions carefully.

The "How's Your Home?" contest officially closes on June 30, 1958. Entries must be postmarked not later than midnight, June 30, 1958 and received by July 15th, 1958. There is a limit of one entry per family and a limit of one prize to a winning contestant.

The entry must be mailed to Home Improvement Council, P. O. Box 810, Chicago 77, Illinois. Entrant accepts all conditions and rules for this contest.

Contest is open to anyone of legal age residing in the continental United States and Canada, except employees of Home Improvement Council and R. L. Polk & Co.

All entries become the property of Home Improvement Council. In case of ties, duplicate prizes will be awarded. The decision of the judges is final.

Entries will be judged on the basis of sincerity and originality, rather than on writing excellence, grammar, vocabulary.

This contest is subject to all of the federal, state and local laws in the United States; and all of the federal provincial and local laws in Canada.

Watch for the appearance of section 1 next week so you can start competing for the big cash prizes in this \$125,000 "How's Your Home?" contest.

BUCKHORN

Library Receives Shipment of Books; Blue Print Drawn For New School Bldg.

Hi, folks, the Buckhorn High School Library received a shipment of 4525 wonderful books from the Ft. Wayne Public Library, March 19 and your correspondent has been so swamped in them every minute since then that she has had to neglect her corresponding. Now that all the new fiction books are on the shelves, here goes:

Everyone in the area is well pleased that it has at last dried up enough to garden. The Agency has just planted twenty sacks of potatoes and everyone else accordingly. Forsythia, Japanese Quince, and green grass are making the earth beautiful and the Whistledings, (wood thrushes to you, ma'am), are hunting nesting places and making the early morning air melodious.

Delbert Fugate, of Krypton way, one of our senior boys, fell off the school bus truck as he rode home Thursday, the 10th. His skull was fractured and he was unconscious for eleven hours. We are glad he is able to return to school and hope he suffers no ill after effects.

A blue print has been drawn for a new school building for Buckhorn. It is planned to be completed before September. It is to be where the present primary building and the library are. It will be split-level, the lower part concrete block, the upper wood. It will have a cafeteria, locker rooms, and restrooms on the first floor under where the library now is located and the library with three primary classrooms are to be on the main floor.

The Senior class is now practicing the class play, hoping to put it on next week.

The Future Teachers' Club held its annual banquet Friday a week ago.

The Future Farmers of America Club is to have its banquet Saturday, the 19th, under the sponsorship of Mr. Bill Napier, the vocational teacher.

Miss Ruth Gibson, bride-elect of Bud Deaton and a graduate of last May, was a visitor at school Wednesday last week. A household and bridal shower is to be given for Miss Polly Marie Eversole, April 25th at the school cafeteria. She is to be married to Monroe Riley after her graduation in May. The shower is sponsored by Miss Sadie Riley, 6th grade teacher, and the school cooks, Mesdames Sim Eversole and Dennis Riley all of Buckhorn.

Mr. Edwin Keen, Dean of Men and English professor at Eastern was home visiting his parents through KEA. He is currently teaching an extension class in American Literature at M. C. Napier High, a class the local teachers are finding highly enjoyable as well as instructive.

The people of the area whose homes are to be inundated by the dam have been notified they are to be out of the homes by next December. Since no one has yet been paid for the property, people are saying, "Show me first your penny, Uncle Sam."

Chaucer said, "In the spring people long to go on pilgrimages," but it would no have done any good to long if they had lived in Buckhorn today, the roads are so bad. I had my children, in another county, describe the city and county jails once. One girl described the horrors of the city jail over four or five pages, and said at last, "but it is a hospital compared to the county jail." The road to Hazard is beyond words but those who know say it is a boulevard composed to the one toward Jackson and Booneville. Help! Help!

Coach Fred and Rosa Karon Johnson are the proud parents of a new daughter, Elissalane, born April 6. This is the Johnsons' third child. The other two being Diane 7, and David 3.

Supervisor, Douglas Gabbard was at Buckhorn School, April 15th.

The Senior class took the University of Kentucky college entrance tests, administered by principal Colwell, last week.

Mr. Charles Deaton was a visitor at Hisers' Sunday. Mrs. Deaton fell at Chaves School Friday and had to be treated at Homeplace Hospital for sprained ankle and torn ligaments.

The teachers are all hopeful of getting a big refund on income taxes paid the last four years, because of the new ruling allowing deductions for going to college.

Mr. Calvin Sizemore, our commerce teacher, a delegate from Perry County Teachers' Association, attended KEA meeting at Louisville April 9-11th.

David Noble, a freshman, has just transferred to our school from the Leatherwood High School.

We wish to thank Mrs. Nolan for her efforts to get us a piano for the school.

Miss Dorothy Combs, a last May graduate, now a student at Lees, visited the school last week. With her was Alma Ray Combs, also a graduate of last May, who has been staying at home since graduation. A good example of the wasted talent you read about. One of the good students who didn't go on to college.

Fishing is going on at a great rate in this area now that spring is here; also baseball.

The Future Teachers' Club of Buckhorn High and their sponsor, Mr. Granville Begley, went

Social Service Advisory Committee Discusses Old Age Assistance Program

Old Age Assistance, as it is administered in Kentucky under State and Federal laws, rules and regulations, was the topic discussed at the meeting of the Perry County Social Service Advisory Committee on April 17, 1958.

Leading the discussion before the Committee was Mrs. Esther Brashear and Mrs. Wilma Combs who are field workers for the Division of Public Assistance, Department of Economic Security. Mrs. Brashear and Mrs. Combs discussed the various eligibility requirements which must be met by persons seeking Old Age Assistance.

Age, of course, is a primary factor, the applicant must be 65 years of age or over. More than a mere statement on the part of the applicant is required, the speaker said. All records bearing upon the date of birth of the applicant must be examined by the field worker. These may

include birth certificate, confirmation certificate, baptismal certificate, insurance policies, licenses (hunting, fishing, marriage, etc.), newspaper clippings reporting birth of applicant, census records, Bible records, and affidavit of age.

An applicant for Old Age Assistance must be a resident of Kentucky for three years of the last seven years, and the preceding year must have been continuous in the State, the speaker continued. Persons residing in public institutions cannot receive Old Age Assistance, unless they are in an approved medical institution. They can receive assistance if in a private institution which meets the standards of the Department, and if they are otherwise eligible.

A recipient of Old Age Assistance is permitted to own an equity in real property as follows: (1) A homestead, the value of which does not exceed the maximum allowed by the Department; (2) A homestead formerly used or intended for a homestead but not occupied by the recipient because of illness, infirmity, isolated location of property, or other compelling conditions, provided the equity does not exceed the maximum established by the Department; (3) The fair market value of any other real estate is to be considered in the same manner as personal property.

No applicant for Old Age Assistance is eligible if his personal property exceeds the \$500 maximum set by the Department, and all kinds of regular income is considered in figuring an assistance plan, the speaker said. Adult children are responsible by law for parents support. Whether this income is received or not received, it is included in the assistance plan or budget as income.

The Perry County committee, appointed by the Governor by authority of KRS 205.330, serves in an advisory capacity to the Commissioner of Economic Security in relation to the programs of the Division of Children's Services and the Division of Public Assistance. Members of the local committee include: Judge J. A. Smith, Chairman, William Campbell, Rev. Winn T. Barr, Rev. Charlie Deaton, Bruce Stephens, Mrs. Kate Kimberlin, Monroe Fugate, Mrs. T. D. Barker, and Mrs. Sam Garnett.

The next meeting of the committee is scheduled for May 15, 1958 at which time the program of Services to Children in Substitute Homes and Institutions will be discussed by a representative of the Division of Children's Services.

Here's a little poem on behavior:

When I was just a shirt-tail lad,
A-visiting my granny,
Who never saw when I was bad,
My goodness was uncanny.
Whenever I fell from the narrow way,
As any chap is prone to,
She'd smile a knowing smile and say,
"You'll be good; I know you home to."
It was a sight how hard I tried
To be as good as gold.
But my granny on the other side
Would always rant and scold
The very least mistep I made.
I ever grow more wild

Revival To Continue At Bowman Memorial Methodist Church in Hazard

The Revival Service will continue at the Hazard Methodist Church through Friday, April 25th. The Rev. Charles Bolyen will be preaching each night at 7:00 o'clock. Also each morning at 7:00 A. M. The Morning Service will close before 7:45 A. M., so that those who attend will have time to be at work before 8:00 o'clock.

The Rev. James Kirk of Wheelwright is leading the congregational singing, also doing an excellent job in his solo work. Says the minister: "1,000 years from now it will not matter whether during this earthly life: you wore overalls, hand-me-downs, or taylor-mades; whether you rode in a Cadillac, in a Jeep or had to walk; whether you were the baker, or the butcher, or the candle-stick maker! But for today, for tomorrow and even 1,000 years from now, it will make a tremendous difference as to whether you accept or reject Jesus Christ as your personal Saviour."

You are invited to come to the Bowman Memorial Methodist Church in Hazard and share in these services.

Combs Grade 4-H Club News

The Combs Grade 4-H Club purchased a thousand tree seedlings from the Kentucky Division of Forestry. They were delivered to our school Monday, April 14. Wednesday was a beautiful spring day so we planted our trees.

Mr. Coda, our principal; Mr. Begley an eighth grade teacher and Junior Conservation Club Leader supervised the tree planting while Mrs. Richie 4-H Club leader made pictures of the 4-H Club boys planting the trees. We are trying to improve the appearance of our school ground as well as conserve the soil on our school ground. The boys and girls in our school are working very hard to win the title of best 4-H Club in the County this school year.

Postal Rate Increases: Questions and Answers Furnish Information

(Released by Post Office Dept., Washington, D. C.)

The most commonly asked questions about H. R. 5836, the postage rate legislation now awaiting final action by the Congress, and the answers are listed below:

Q. How much will the new 4c local and the temporary 5c non-local letter rate cost the average family?

A. 20c a month or \$2.40 a year. This is about 1-3 the amount they pay in income taxes as their share of the present annual postal deficit of \$700 million.

Q. Why increase letter rates? Aren't they paying their own way?

A. No. Letter mail is losing money today. It is the only major class of mail which has made no contribution in rate increases, to offset postwar World War II cost increases. First class letter rates have not been increased since 1932.

Q. There really isn't any deficit, is there, because the Post Office loses so much on public services?

A. The deficit is \$700 million a year. Public service costs—such as free mail for the blind—are only \$30 million a year.

Q. Why will only a small part of the letter rate increases be paid by individuals?

A. 75 per cent will be paid by the business users of the mails who send 75 per cent of the mail.

Q. Why can't the post office build enough new buildings without rate increases?

A. Modernization requires a foundation of sound financing. This would be provided under H. R. 5836, which provides the Government's share of the costs under the President's \$2 billion postal modernization program.

Additional revenues from a 5-cent letter rate for a 3-year period will channel \$175 million each year, or \$525 million in 3 years, into the rehabilitation of the postal plant.

In addition, \$1.5 billion of private capital will be used to build 12,000 new post offices for lease by the Department under the President's program.

This program will provide better mail service for the American public; create hundreds of thousands of jobs; and stimulate the economy of the nation.

Q. Why not leave letter rates alone and just increase the rates on the other kinds of mail to make up the deficit?

A. Letter mail forms more than half of the total volume of mail carried by the Post Office Department. Historically, first class mail has paid more than 50 per cent of the costs of operating the Postal Service. Today, it is contributing only about 35 per cent of the costs.

It should be remembered that second class (newspapers and magazines) and third class (advertising circulars) mail are being used under the legislation, roughly 50 per cent each, when fully effective.

Q. How do American postage rates compare with those of other countries?

A. Virtually every other major nation in the world has increased its letter rate in the last ten years. Canada has had a 5-cent non-local letter rate since 1954.

The United States stands alone in holding to a prewar rate, and the taxpayer has been taking the consequences, an accrued deficit of \$6 billion since World War II alone—costing \$150 million in interest alone, while the current new annual postal deficit—about \$700 million—will cost the average family about \$7.25 in taxes.

Q. Wouldn't letters pay more than their own costs under the new rates? If so, would this be fair?

A. The Department's letter rate proposals are consistent with the American pricing system. For example, it costs more to send a telegram than a night letter because of the greater speed of service. This is the same reason why Congress has always set the letter rates to bring a return considerably in excess of straight allocated cost.

First class mail, for example, paid 140 per cent of cost from 1926 to 1941, while today it pays only 97 per cent of cost. Under the proposed new rates it would pay 139 per cent.

Folks, I want to apologize to so many of you that have written in to me in regard to your various problems, such as where you can secure certain types of trees and etc in regard to planting. All of these I think I have taken care of by personal letter.

In the future if you will contact your County Agent, Mr. Keen. I am sure that he will be able to give you more advice than I can.

Also to your District Forester, Mr. Walter Green, can give many of you the information that you request. I am sorry that I can't do this because I would have to contact these gentlemen first to give you the information you need. Would suggest that you do this. Folks, through this column I only endeavor to urge you to use the sources that I have mentioned above. Yes, one thing is your farm ponds that you have talked to me about. Go to your County Agent. It is nice knowing that you read this column, any help that I can offer you can bet your bottom dollar that I will go over backward to help in any project that you might have in mind as a suggestion to where you can get first hand information, with all details. Above all I want you to know that I am interested in your various projects.

Was so glad to hear from so many of you during my absence, which was due to sickness. I want to thank each and every one that was so thoughtful of us during this illness. I didn't realize that there was so many people in this

good town and county of ours that had missed us. You really don't realize how many good people that think of each other until something like this comes along. Again I want to thank all of you that have been so thoughtful to send flowers and cards to my wife.

Not being available to receive many of your reports of your recent trips, I can't say too much in regard to what the out look will be or has been since I have been away. I believe that I can say as long as the weather stays as it has been. You can expect great things to happen almost anywhere at this time of the year.

Understand that Sam Garnett and Cleon Begley caught a 6 1/2 lb. bass at Dale Hollow. Cleon making the catch, using live ells. They only had one other strike. That was enough to make up for many. Anytime you can get a bass this size, will more than make up for the trip. These type bass only come now and then.

Also learned this date that Pete Salley and son, Ed, lost some good fish over Middle Fork way on trot lines. Pete, I would say that maybe you should have run them more often. I always did like to run my trot lines every thirty minutes, no longer than an hour at the most. I know that takes a lot of endurance. Boys, if you have ever trot lined fished any, you know how hard it is. Suckers and red horse should be making a big move by now. I know that I should be hearing from you before too long, you fellows that are the cane pole type should be reporting some good catches.

The proper reverence at the time of divine services. Certainly, the minimal requirements for such reverence would be as you pass through the area of divine services, to keep silent there, and avoid distractions of the congregation as much as possible.

Stop the loose flow of profanity. The idea of the man as a loud mouth, borbish uncontrolled casanova-like character spewing forth profanity and vulgarisms and swaggering roughshod over all he meets is a caricature of the real picture. It's as distored an ideal as the one that pictures a gentleman as a little Lord-Faulteroy.

Our fore-fathers built Hazard, our fore-fathers also gave her a name, but only we can give her a reputation.

Our gentlemanliness will be a large factor in making her reputation worthy of so illustrious a name as Hazard.

Caustic Comments On "Emmy"; Time Issue Had Sidelights

Fred W. Luigart Jr.

After seeing the Emmy Awards, Tuesday night, of last week, we have come up with a nomination and award of our own for 1959. Worst show of 1958—"Emmy Awards of 1958." Incidentally, the search began the morning after the show for a TV performer who didn't receive an award this year. As of this morning, Paley and Sarnoff hadn't found one.

It's too bad they didn't film the 1957 show. They coulda passed it off for the Tuesday flop and the viewers would have never known the difference.

Milton Berle commented: "Television is still in it's infancy," a comment made yearly since the Emmy awards were started several years back. It is still a rotten excuse for stillbirth.

An Emmy advertiser had a lovely young lady decked out in a \$2,000 Antonelli gown and her hair wound up in curlers to hustle their home shampoos. She looked like Yul Brenner in the sack dress.

Polly Bergen won out over Helen Hayes for the best individual performance by an actress. Leave it to TV to figure out a way for a plughorse to beat a thoroughbred.

Another advertiser, a car manufacturer, used the Western type of advertisement to push it's product. The ad failed—no boxtop offer was included!

Everyone agrees that Dinah Shore receives her awards graciously. There's also a lot to be said for that being the only reason she wins so many every year.

Sidelight on Time Poll

The time poll we ran in the Herald and which closed this morning had one or two interesting sidelights.

One person asked how I personally stood on the issue. To answer him first:

I prefer the fast time—primarily because I have never figured out how our section of Kentucky ever got on 'slow time in the first place. Geographically, everything North and South of us is on Eastern Standard Time; why aren't we? I've heard farmers argue they don't want E.S.T. because of the 'dew on the ground'

LETTER

Commissioner Comments On Board's Action

During my campaign for election as commissioner of the City of Hazard, I promised the people that I would make reports to them periodically as to the progress and the efforts that I engage in their behalf while holding the office of City Commissioner. Therefore I would like to use this medium in order to get this report to the people.

As everyone probably knows by now, we started off with a stormy meeting on the first occasion, when I was sworn in, and the paper and radio dwelt greatly upon some of the happenings of that particular meeting, and I wrote a letter to the paper explaining my position on some of the points that were brought out at that time. I was particularly irked by the fact that the twins, or partners, the Mayor and Mr. Colwell, decided to make Mr. Colwell Mayor Pro-tem in spite of the fact that I had received the majority of votes, cast in the last election. I continued disagreeing with them in this meeting whenever they wanted to increase the taxation on the residents of Hazard, but in spite of my negative vote, they put it through. Also in that meeting I recommended the firing of City Manager Robert Wooton, and pointed out to the board that it was beginning to look like too much of a family affair instead of a Governmental affair. I think the record will disclose that I have not been too much at odds with the remaining members of the board on other issues following the first meeting, with just a few exceptions. Some of these exceptions are that I opposed the automobile sticker tax and I make no secret of this. In addition I am not in agreement with Mr. Colwell or Mayor Combs on their position of the curfew ordinance. I feel that since this ordinance has been enacted by past boards of Hazard, that it should be enforced. I have made a motion to the effect that this ordinance be enforced. Mr. Colwell and Mayor Combs have not seen fit to go along on this. The actions taken by the board of Commissioners have been reported rather thoroughly in the local newspaper and I think everyone is familiar with the legislation enacted and the position and the votes that I have cast on such legislation. Even the called meetings, other than the regularly scheduled meetings, have been publicized and the transactions have been reported in the newspaper.

I am most anxious to do everything within my power to help the young people of Hazard. It is for this reason that I firmly believe that the curfew ordinance should be enforced. It will help the majority of our young people by curbing the juvenile delinquents. By the same token I am strongly in favor of our playground program as set forth by the chairman of this commission, Mr. Gorman, and have strongly urged the Board of Commissioners to support this program in every possible way, even if it means borrowing money to make this program possible.

Again I repeat, and emphatically state, I am for any legislation that is for the good of the majority of the people of Hazard. I shall oppose any class legislation, any legislation which benefits only a minority of people and hurts the majority. I shall vigorously support any legislation, any city action, which will help the most people in Hazard, whether they be little people or big people. I am for he citizens as a whole. I strongly urge the residents of Hazard to attend the Commissioners meetings which are held regularly on the first Monday of each month, beginning at 7:00 P.M., at the City Hall, and if there are any called meetings other than the

early in the morning. They explain this prevents them from starting work until an hour later.

I might add, however, I've never gotten an answer from a Kentucky farmer to this question which I've always asked of them:

"What's so special about this dew that prevents work in Kentucky but doesn't seem to bother farmers in Tennessee, Ohio, Virginia and West Virginia?"

Really the E.S.T.-C.S.T. issue isn't much of a battle up here. You've heard the saying:

"Never argue religion or politics."

Well, down in Central Kentucky where I hail from, it's:

"Never argue E.S.T., religion and politics."

You just "ain't" ever heard an argument until you here a Central Kentucky farmer fume with a city resident about fast and slow time.

Other Sidelights

The sender of one ballot noted in the margin after voting for E.S.T.

"If not this, at least 'one time.' I'll go along with him there."

Another man, who said he was a 'working man,' noted:

"Most people here had rather sleep the extra hour in the morning, than go to bed an hour earlier."

I'll leave that as it stands. A city resident, he voted for C.S.T.

One last word: To those of you who voted, my sincere thanks. Count yourselves among the few people in this world, right or wrong, who try to keep themselves abreast of what's going on around them.

regular meetings, I shall urge the Mayor, unless it is an emergency meeting, to give the public at least 24 hours notice of the called meetings, so that the residents can attend these and see what happens in our City Government.

I appreciate the support and cooperation shown to me by so many of the people of Hazard since I have occupied this important office in our City Government. Again I say thanks, to you the Editor and to the many friends I have in the City of Hazard.

Yours truly,

Magistrate Replies To Clerk's Comments

To the tax payers of Perry County: This is a reply to Miss Jessie Horn's statement and attack on the Magistrates of Perry County, in which she published in the Lexington Herald.

Miss Horn said the \$200.00 salaries the Magistrates voted themselves would bankrupt Perry County. But she did not state the reckless spending of county funds that she has been spending in her office. For 1957 Miss Horn received in fees in her office around \$32,000.00 and spent around \$29,000.00 to operate her office, according to her report. I as a Magistrate of Perry County know that Miss Horn's office can be operated at a much less expense. It seems to me she is only squandering tax payers dollars to fulfill campaign promises.

To the best of my knowledge every four years the old story is the county is broke, with the exceptions of a term or two of County Judge J. A. Smith. The reason the County is broke every four years is by the reckless spending of the County officials. In the past when the Magistrates ask for help on the county roads the answer would be no funds. The answer to this is reckless spending. I believe Perry County has a County Judge and a board of Magistrates for the next four years, that can meet the county obligations and save the tax payers money by cutting down on certain county officials who eat high on the hog while others starve, especially the Magistrates that Miss Horn has been referring to.
